Thunder Stroke III

STANDARD FEATURES

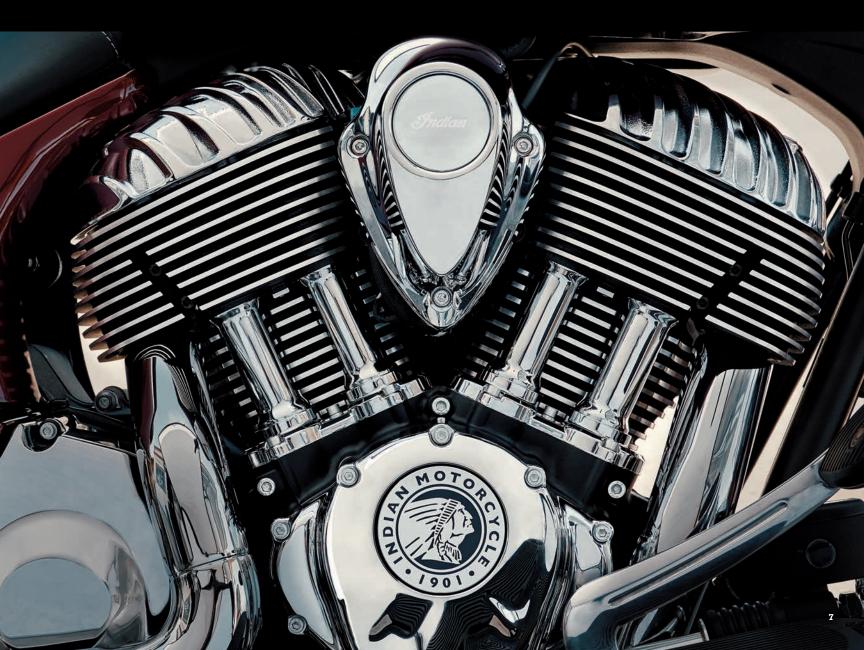

A nod to the engine designs of our past, with innovations to power us into the future. That's the remarkable Thunder Stroke® III V-Twin. With II9 ft-lbs of torque and two massive pistons that produce the thunderous sound that earned the name. This award-winning powerplant demonstrates our commitment to setting the standard in American motorcycling.

It's not what you ride that really matters, but what you ride for. So, we're proud to support those who ride for a greater purpose. Like honoring our veterans with our Veterans Charity Ride to Sturgis and Good Ride Salutes. And bringing our family together with the Indian Motorcycle Riders Group.
